

# Rapid Reporting Answer Sheet

Name: \_\_\_\_\_ Set: \_\_\_\_\_

For each case place a tick in **EITHER** Normal or Abnormal to indicate if the case shows a normal or abnormal appearance. Cases that show only anatomical variants or minor age-related changes should be recorded as normal. For each case which shows an abnormal appearance enter a **SINGLE** diagnosis or abnormality. No marks will be allocated for a case where multiple diagnoses have been given.

Case	Normal	Abnormal	Diagnosis or Abnormality (only if abnormal)	Correct?
